OPTION N° 3

9:30 am

Depart for Termas de Caucheuta Spa from

Termas de Caucheuta Spa offers massages, but the overall experience is a bit more adventurous, out in nature, and on your own time, overlooking breathtaking mountains. The real treat, in our opinion, is the mud scrub and the outdoor springs to laze the day away in. There are also indoor saunas of varying temperatures to sweat out toxins to your heart's delight. Cacheuta also offers a delicious healthy buffet lunch with lots of lush vegetables. Our tip: Don't let the outdated appearance from the road scare you away. You will be in awe of the natural beauty around you as you wade in the springs, and spreading mud on yourself and drying off in the sunshine is a great way to spend the day with friends.

Spa Day at Termas de Caucheuta Spa
